Tried & Tested

BY TWO DOCTORS NO LESS

DR F MOHAMED

I needed to undertake corrections to my PhD thesis and could not use my home due to lack of space what with all the books I needed. I learned about Work From Twenty and thought I would give it a go. I had calculated that it would take me around 8 days to do my work but my room at Twenty Nevern Square was so peaceful and conducive to working (maybe it's the Feng Shui principles at play within the rooms?!) that I finished it in 5 days and they had no issue with me checking out early. Thanks Twenty!

DR Z SALOOJEE MBBS

My room came with good desk space, a private bathroom and wired internet (at my election). Everything I needed in one quiet space. If you need a place to work from check this place out!
