

welcome to som saa

the following drinks are all chosen to match Thai food in one way or another. our cocktails are all made to order, and the list draws on many of the exciting thai ingredients we have in the kitchen.

our wine list consists of mainly dry wines, some of our white wines are off-dry and a number are very aromatic. we have a special section dedicated to rieslings that we believe compliment thai cuisine beautifully. our selection of the reds leans towards riper and less tannic bottles. many of our wines are also vegan and organic

please just ask if we can help guide you, or if you would like to hear about some of the special bottles we often have hidden out the back.
